Who we are

WellCrae recruitments Pvt Ltd is a well established company with a purpose of providing high quality health care professionals to both private and public sectors.

The company aims to deliver extraordinarily talented staffs and seek constantly a high level of staff satisfaction. The company recognises that this will be achieved by offering a level of service that far exceeds those expectations of the Care Quality Commission, clients and service users.

Objectives

Wellcare recruitments has Set standards and benchmarks of quality, efficiency and administrative excellence, particularly in the area of staff training that will manifest itself in their area of care. To achieve and continually improve the levels of such self-imposed standards, the company's philosophy towards the recruitment and engagement of its management and staff, will assist it in achieving market competitiveness and the clients first choice provider.

Will carry out a recruitment procedure that exceeds the minimum standards prescribed by the National Minimum Standards and incorporated into the new registration criteria for Nurses Agencies, registered and inspected by Care quality Commission.

Demonstrate integrity and professionalism in all of its business affairs, and trade with in the cods of conduct expected of the inspection and Registration Bodies (C Q C) and its clients.

How We Work

Through its recruitment and selection criteria the agency will fulfil its obligations as stated within its aims and objectives, in its provision of skilled and experienced nurses and health care assistants committed to seeking continued professional opportunities, who can demonstrate a high level of competency and a desire to assist the service user in achieving their goal, in the community.

The agency will operate a 24 hour service accessible to both client and nurse. In the event that a worker can not fulfil a booked assignment the agency will endeavour to provide alternative arrangements. In the event that a nurse or health care assistant are unable to continue with a long term assignment through sickness or personal reasons, the agency will through consultation with the client/service user seek to replace that nurse or health care assistant with another equally suitable staff.

The agency will charge for its services according to client expectation or contractual negotiation and will alter or enhance its charges as market trends, legislative requirements dictate. Invoices submitted to the client will be produced following the receipt of a completed, verified time sheet supplied by the worker on completion of an assignment, a copy of which will be attached to the invoice.
